STUDY HELP MOODLE

A full-page image featuring a marble statue of Galileo Galilei on the left. The statue is standing, wearing a long robe, with a beard and a contemplative expression. He holds a telescope in his right hand and a scroll in his left. At his feet are a book and a celestial globe. The background is a vast, dramatic sky filled with large, billowing white and yellow clouds against a deep blue upper portion. The lighting suggests a sunset or sunrise, with warm golden light illuminating the clouds and the statue's base. Overlaid on the right side of the image is a quote in white text.

'You cannot teach a man anything; you
can only help him find it within himself'
